

Course Selection Switch-Out Form

Based on the number of student request and teacher availability, sometimes we are able to offer courses that we do not offer in the current year. This form is to determine if there is enough student interest to run these courses.

Step 1: Complete your course selections on Powerschool, hit SUBMIT, print

Step 2: If there are courses on this sheet you would prefer over the ones selected from Powerschool, complete this form and staple it to your signed course selection sheet.
