To: Frank Maddock Alumni and Parents of FMHS Students and Business Partners

Let us introduce you to the Frank Maddock High School Blue and Gold Society!

Parents and community members recently incorporated a not for profit society called the FMHS Blue and Gold Society. The goal of the society is to support curricular and extracurricular school supports and activities, reduce overlap in fundraising avenues and increase the accountability and transparency of fundraising efforts by the Frank Maddock learning community. At the same time, we are adding a 'giving back' element of fundraising in order to develop students into involved community members. Further, partnering with school staff and administration allows access to larger pools of funds that can be accessed via grants and casinos.

We are the central organization of community members working in conjunction with FMHS Administration and School Council. All FMHS school groups will be required to coordinate with the society, provide their fundraising goals, needs and a budget (both short and long term) so the Blue & Gold can supplement fundraising to the various FMHS groups, all the while encouraging and tracking student volunteerism with other local non-profit groups who require the manpower in our *Blue & Gold Gives Back* Initiative.

We are asking you, as a proud alumni of FMHS, a parent of a student at FMHS, or a Business Partner to consider a donation to our society. For further information, to give, or to volunteer your time, please contact Mae Chow at 780-515-1757 or email fmhsblueandgold@gmail.com

Regards,

Mae L. Chow, Director FMHS Blue and Gold Society
Katrina Dawes, FMHS School Council Chair
Shelly Cloke, FMHS Principal
