

## December 2021 School Council Meeting - Principal's Report

### Documents to Review:

- 2021-2022 Budget
- [2021-2022 Assurance Model](#)

### Discussion Topics:

- Green Space Development

### Informational Items:

- Lots of events happening this week and next week to celebrate the holidays.
- Diploma Exams are now worth 10%, but are still happening for all grade 12 courses.
- We are in the process of completing a school-wide wellness survey to determine students' and staff's mental health and wellness, and sense of belonging in our school community.
- Our teachers are showing amazing reflection and collaboration within their professional learning conversations and PLCs. Despite everything that is happening in the world and school, our teachers are demonstrating that they are still looking at the way they teach, assignments that students are completing and assessment processes are always being thoughtfully pursued. It is amazing work being done considering the variety of things that are happening in the school staff world.
- We are as worried as ever for our kiddos! There seems to be a lot of stress and anxiety caused by the continuation of the pandemic life as we know it; this is having an impact on our students in a variety of ways. We are doing everything that we can to support them, but youth (and parents) in our community are struggling, so any amount of love and empathy to give to each other is helpful.
- WRSD Vaccination Status Requirements for Staff, Substitutes, and Volunteers: [WRSD Media Release](#) and [AP 166 Vaccination Status or Testing](#)
