## January 2022 School Council Meeting - Principal's Report

### Discussion Topics:

- Green Space Development
- Parent and Student Survey

### Informational Items:

- [COMPASS Survey](#) will be happening the first week of Semester 2; we are also going to complete some wellness surveys as well as a survey to ask questions regarding our three year education plan (sense of belonging and ensuring high levels of learning for all students)
- Exams end tomorrow and the first day of semester 2 is on Monday. We are encouraging all students who may wish to change their timetables to come to the office in the next few days to ensure that they have an accurate timetable for day one of classes.
- While the school vandalism has decreased, we are still seeing some bathroom concerns. We are hoping that things continue to settle in this direction.
- FMHS was one of the first schools in Drayton Valley to get their masks and rapid tests. There are still schools in WRSD who have not received their first shipment. We are unsure as to when we will be receiving our second shipment at this time.
- Extracurricular activities are slowly regaining momentum. What started as in-school practices only advanced to league games only. We are moving towards tournament attendance soon (fingers crossed).
- Report Cards: We are only printing report cards of those who request them as we are no longer required to print report cards to connect with cumulative files. The reason behind this decision is to conserve paper and time. We have set up a specific email address so that people can request their report cards and we will send them out.
